## PROFILE

I have a bachelor's degree and a background in web design and web development with Freecodecamp Responsive Web Design certification. I have gained over 1 year of experience doing projects and creating blogs for friends. I am passionate about creating value for clients and currently seek an entry-level position to further develop my skills.

## PROJECTS

### Dog Search App

November 2021

A website built to dynamically search pictures of dogs classified by breed.

(Visit <https://eager-lovelace-0047d9.netlify.app> )

- Designed using React.js
- Ensured a responsive layout by leveraging CSS Grid and Flexbox
- Version controlled source code changes using Git
- Hosted on the web using Netlify

### E-commerce website (Gtone multiB)

January 2022

A website for selling fashion accessories

(Visit <https://wonderful-wozniak-dbc68a.netlify.app/> )

- Developed using React.js
- Used Javascript to manipulate elements depending on user interactions
- Responsive mobile first approach was implemented by leveraging CSS media queries and CSS Grid and Flexbox
- Version controlled source code changes using Git
- Hosted on the web using Netlify

### Online Fish-Shop

December 2021

A website for delivering fish dishes to customers

(Visit <https://festive-fermat-845ebo.netlify.app/> )

- Designed and developed look and feel using HTML, CSS and Javascript
- Leveraged Bootstrap's grid system for the layout of the website
- Ensured a responsive design by leveraging CSS media queries
- Version controlled source code changes using Git
- Hosted on the web using GitHub pages

## 15th Dimension Advertisement Agency

July 2021

A wordpress website for delivering digital advertisement services to businesses

(Visit [15th Dimension – Advertising and Branding Agency](#))

- Designed using Wordpress
- Astra theme was used as a starter template to facilitate fast and easy design of the pages
- Typography and overall visual appeal was achieved using the Elementor plugin to edit and modify the page contents
- Used WP-all-in-one migration to backup changes at different times in the design process
- Hosted on the web using hostnow.com
